T.C. HOWE COMMUNITY H.S.

1. The Yearbook Party was a blast as we finally got to see the 2010 Yearbook!

2. Our Hornet Football team took inspiration for strength on the field.

3. Our choir practiced all year, and gave outstanding performances at several community events.

4. Our dedicated JROTC Color Guard showed up at games to support and represent us.

2. Charles Lewis,

It's Movie Time!

1. Xavier Roberts, Donald Patterson, Greg Appleton, Anthony Saunders, Thurman Jones, and Steven Carrethers.

We'll Show You Howe It's Done!

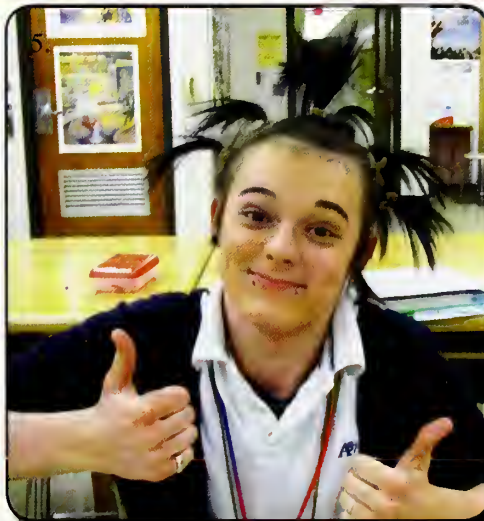

It's Movie Time for 2011. Through a few "short films," we are going to take a journey into the year that has just passed... and enjoy some of the highlights.

Its finally here , the most anticipated "film" of the year, "**T.G. HOWE** the movie." Starring the phenomenal Howe Hornets of 2011. It features some of the greatest players from our football, basketball , and wrestling teams... as well as many other sport superstars! We will also be presenting our High Honors in academics and our very own militant JROTC.

Music production for the film is brought to you by our articulate band, choir, and orchestra. Artwork produced for the film, including the cover of the Yearbook, is courtesy of our extremely talented visual artists.

And Now.... The film we've all been waiting for... the one that highlights all of the biggest events from our 2010-2011 school year ... The one Star-Studded Classic we will all be looking back at for years to come... Here it is;

"T.G. HOWE... the movie"

4. Deondra Williamson, Jeremey Brown, Michael Hendon, Malcom Donley, Mark Eubank, and L'Jon Roberts enjoying themselves to the fullest, showing their spirit during 6th period Lunch

5. Zachary Denny learned a valuable lesson to keep his head up in art class, otherwise, he will end up with a wild new hair-do!

HEY!! T.C. Howe, take a look at Spirit Week, our cast was shining brightly as they showed off their new looks. Spirited as ever, these cast members were anxiously awaiting to see if they got that role in our new and upcoming movie entitled "TC Howe... The Movie." Nothing was going to stop our cast from attempting to win over the director and fill that important, much needed spot in our movie.

Much determination, and perseverance was needed to get that spot, and everyone that auditioned earned their parts. Our cast did everything they could to get their ever popular parts. They brought everything from their distinguished professionalized looks, to their crazy socks and stylistic mishaps, to finding their perfect stunt double and even their greatest amount of tenacity. Everyone winning one spot! How is this possible you may ask? Well, in our film, all of the contenders were so great, we decided to cast them all, and give them each a chance to shine and show us what they've got!!

THE DAY The Earth Stood Still

This was a special day for many students and staff. Our hallways were plastered for weeks with posters asking for voting supporters. Finally, after long anticipation, our Homecoming candidates were given their answers! Some kids were disappointed, but most of them were happy because this was Homecoming Night, and Excitement was definitely in the air!!! The JROTC Drill Team showed off their moves and the cheerleaders showed their stuff. Even Mrs. Ajayi, who dressed up as "Homecoming Grandma" made the crowd wild! At the end of the night, the King, the Queen, the Prince, the Princess, and the whole Howe castle was hype because our football team won the Homecoming game!

Lindsey Heise

They have auditioned for many roles throughout their years at Howe. Now they get the leading roles as seniors. They have anxiously awaited this part, now they await getting accepted to better jobs, different social communities, and most importantly.... College. Unlike the movie, "Accepted," where students are planning to create their own college, these seniors are preparing themselves for the real deal. Perhaps, some day, these seniors will go far beyond owning their own college. Congratulations seniors.... you have conquered the first mountain, and are now accepted into a whole new world of possibilities!

FREAKY FRIDAY

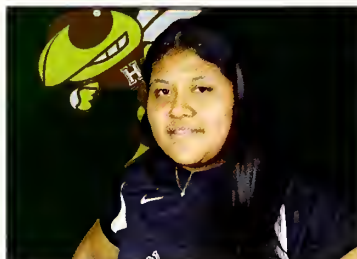

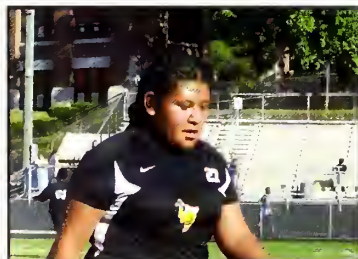

What do students do throughout their last year of high school. Most have jobs, participate in sports, volunteer, or just hang around at home. We don't know what every senior does in and out of school, but we will find out how Wendy Martinez and Joseph Sims spend their time. These two are the most quiet seniors of the bunch, and that makes it hard to really get to know who they are. In this short "film," we take a sneak peak into their lives, and get to know a bit more about them and how they are spending their senior year!

Wendy enjoys spending her extra time with her team-mates out on the soccer field.

She gives her all to the team, and puts all of her heart into the sport!

There is more to Wendy than meets the eye... she is very serious about her academics. In fact, Wendy's GPA ranks amongst the top 10 in her Senior class.

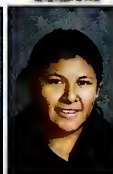

Checkmate!

Wendy has a great weight on her shoulders, as she sets a great example for her three younger siblings who also attend school here at Howe.

Every senior plays an important part in life. Whether they serve as a friend a family member or a student, each one has a part. Some play the role as the funny guy, or the nice girl, or even the most rude. This year, each senior voted for who played which role the best. Some people play certain roles better than others and they may not even know how they are seen amongst their peers and their friends. No one knows them better than their friends, so we let the Seniors decide who played the following roles the best? It will be fun to look back one day and see what roles we once played as budding adults!

1 JUNIORS

1. Domonic Nelis and Sean McCotter having a nice time in class

How do you think your junior year is going so far?

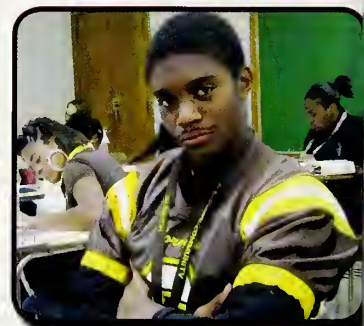

Terrance Johnson

"I guess I had fun during my junior year, I'm just ready to get on with my life."

Shannon Kleeman

"I loved my junior year, but I really am very excited about my senior year. I mean who isn't?"

Timothy Johnson

"My junior year was tight, I'm ready for my senior year so I can be on my way to college."

Our juniors had some of the hardest decisions to make because their senior year is coming up. It takes hard work and dedication to make it through the school year. With all the tests and assignments, our minds become overwhelmed. However, our Juniors made it through because they are all very strong minded and mature. They have had their fun up until now. They will be on there way to college in the year of 2012. That means, now is the time to get serious about books and get down to business!

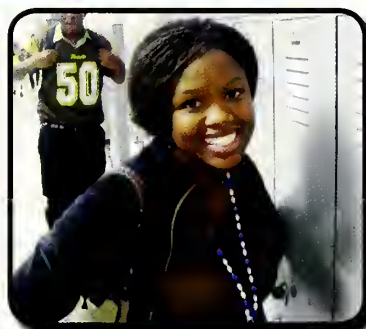

Ogla Munoz

"Wow! I am so excited, next year I'll be a senior then I'll be on my way to college things."

Sean McCotter

"I'm just ready to be a senior so I can get out of school and find a good job."

Kierra Jackson

"So glad that my Junior year is almost over so next year I will be a senior and then college."

Eleshia Turpin

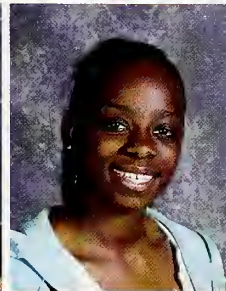

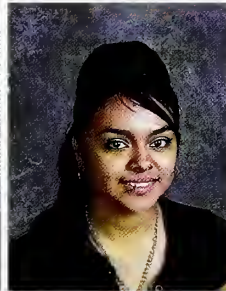

"This has been a wild year with studying and playing sports. I am looking forward to being a senior."

Sophomores

Above: Kennethia Harshaw, J'Sean Johnson, DeShannon Gibson, Anthony Williams, Andreco Williams, Darryl Sanders, Victoria Medina, Patrick Casteel, Jaymar Taylor, Kiala Washington

Some of our sophomores were asked "What makes you the most competitive." This is what they had to say...

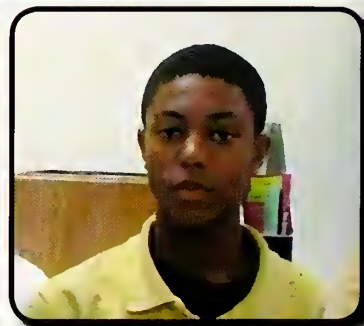

Paul Lilly

"I'm very competitive because I give my all, and I go hard in everything I do."

Tyuan Smith

"I push myself in every sport I play to make myself become competitive."

Stephen Davis Jr.

"I find the courage in sports to become more competitive because I just like to have fun."

Dangerous Minds

Our sophomore cast had some of the most “dangerous minds.” They were continuously being filled with more and more knowledge to gear up for the GQE. They became more competitive, not only academically, but also in sports and in our social community.

It takes hard work and dedication to make it through the school year. With all of the tests and assignments, our minds became sharper and more dangerous than before. Even our athletic department became more dangerous competitively.

Our Hornets have come so far and continue to get better. Our sophomores' hard work and dedication will show rewards as we grow and mature. Our minds are being prepared for the final years of high school, and for life and college afterward. With our “dangerous minds,” we will show the world what the Howe Hornets are made of!

Chanteil Bradley

“I give 100% in whatever I do, like my idol Nicki Minaj said; “Go hard.” I’m Top Notch.”

Mariana Gonzalez

“I get competitive when people say i can’t do something I still strive my best to succeed.”

Brian Martmon

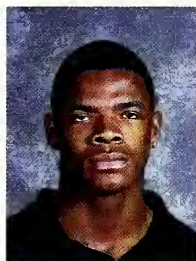

“I get very competitive when people hate on me. So I got to show off a little bit.”

Ebony English

“When people say I can’t do it, it makes me want to prove them wrong.”

Freshmen Rule

Above: Carrying their class banner, the Freshmen showed true spirit at the Homecoming Pep Rally!

We asked these freshmen,
"How does it feel
to be a high
schooler?"

Derrick Mize

"It means you get to have fun, see all of your friends and get looked at by college sports scouts "

Jeremy Brown

"Being in high school is good, it makes me feel older and more sophisticated!"

Mariah Brown

"Being in high school makes me feel older and now I can say that I'm a freshman! **FINALLY!!!**"

The Underclassmen

Our Freshmen were very determined to fill that important leading role in our movie of the 2011 school year. The Freshmen were actually the ones who set the example for our very talented middle school cast members. Being in high school may seem like a big deal. However, when we asked these cast mates and their crew, they told us that it's not all it's cracked up to be. In the movie business, you have to learn how to be sharp. The freshmen proved their worth in this 5-star film called "TC Howe: The Movie." With the completed production of this spectacular, we recognize the freshmen who did their best and really impressed the directors and screenwriter. Our ratings were off the charts. This production is a HUGE success with the critics, who gave us an overall grade of an A+. The box office loved it and still does, bringing in a whopping 420 million dollars. We really appreciate your support and love for this "movie." Thank you everyone!

-Tony Snyder

Rena Williams

"Classes are easier than junior high, and the teachers can work one-on-one with you"

Chris Bowers

"Being in high school is pretty good, and the good thing is that I'm almost out!"

Arizona Burns

"Being in high school feels fun, it means I'm more grown up!"

Rachel Matson

"To me, it's more of a challenge because there is more work I have to do to make decent grades"

8th Grade

How has 8th
grade year been
for you?

What are you
going to miss
about middle
school next year?

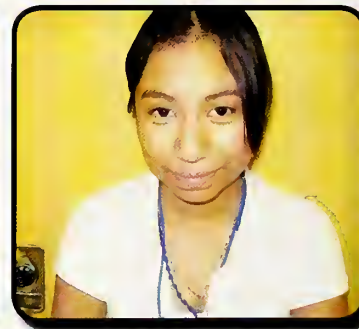

Taylor Woodall

"8th grade year is not my best.
Next year I plan to make better
grades."

Uriel Flores

"Being an 8th grader is alright.
Next year I look forward to
being with my friends."

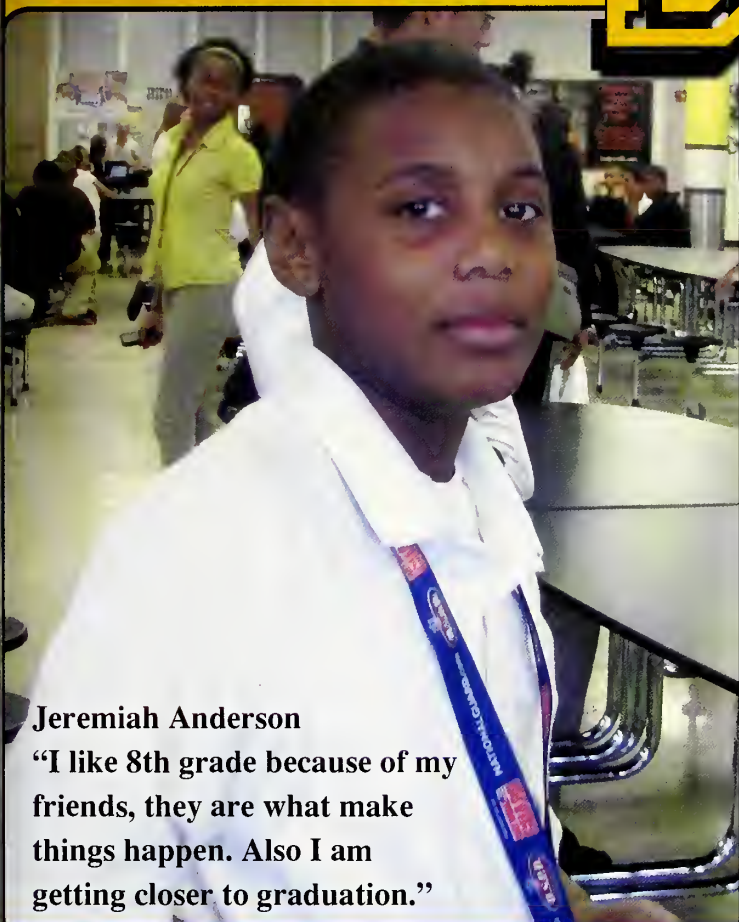

Cara Nava

"After middle school, I'm going
to miss my friends and the
teachers."

EIGHT BELOW

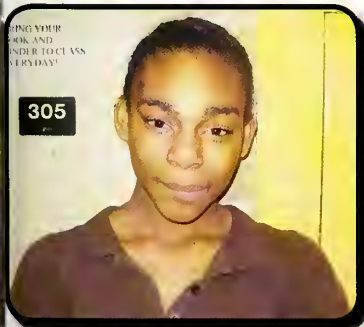

Jeremiah Anderson

"I like 8th grade because of my friends, they are what make things happen. Also I am getting closer to graduation."

Eighth grade, it's time to be the role models for middle school. As you prepare for the new journey of high school years, making the change from big kids to young adults, keep your choices wise. This is the most memorable middle school year because it is the last. For some, it might be nerve racking to know they are entering a whole new experience, but others are excited to move on to the new challenges and responsibilities. Everything gets harder, the classes, the sports, and the expectations of being that one year older. Eighth grade is basically preparation for high school, so take great advantage of all the opportunities in front of you as its time to get ready for the new experiences of next year. Once you pass the eighth, you should have gained all the skills and knowledge you need to succeed your Freshman year!

-Kellen Johnson

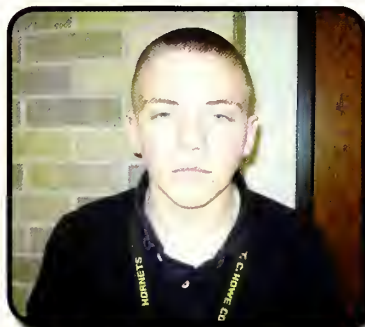

Nat'e Young

"I'm not going to miss nothing after 8th grade. I'm just ready to go"

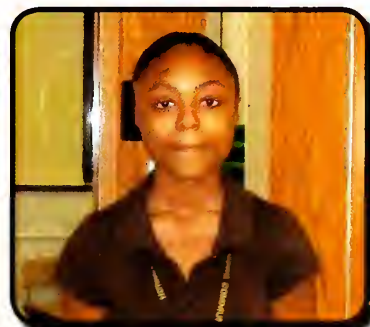

Alysia Kennedy

"After eighth grade, I'm going to miss some of the teachers."

Ethan Shepherd

"After leaving middle school, I'm going to miss my friends."

Maycee Davis

"8th grade is good. I enjoy all my teachers and my peers around me."

“The best thing about being in the 7th grade is getting a little closer to college!”

Steven Diana

“The 7th grade lets me get fit and lunch is one of the best things.”

HONEY, I SHRUNK THE KIDS

In this movie, Mrs. Nixon had a shrinking device in her office, and the 7th grade class accidentally got shrunk! The 7th graders were the smallest kids in the school now. They went through many hard tests and coloring worksheets. Through it all, the 7th graders stood strong. Despite the struggle of being tiny in a world of giants, it was worth it at the end because Mrs. Nixon reversed the shrinking machine. The 7th graders were “unshrunk” the as they prepared for the 8th grade.

We've Got Your Back!

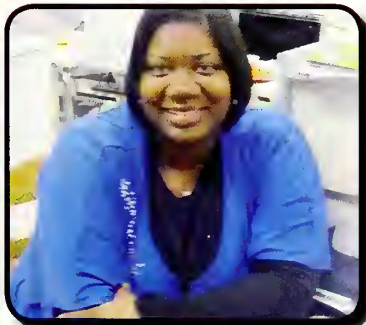

High school is a place where so many differences could cause complete chaos and utter confusion. The cool, calm, collected, and slightly less confusing staff at T.C Howe come together to bring unity to our school, and stability to the students. From those in the classrooms teaching everything they know, to those who create a clean and safe environment, the staff at T.C Howe has it all figured out. They unite to ensure the students are provided a quality education. Our staff leads the way for our students to have a great future.

A BEAUTIFUL MIND

School isn't as easy as people assume, we are always juggling academics, sports, homework, friends, and family. Our hard working Hornets dripped with sweat and perseverance, making the best out of anything that was thrown their way. Of course, none of this would have been possible without the help and never ending support of the staff, teachers, our family, and amazing friends.

No matter how tough things got for our Hornets, they never let it get in the way of their academic success, and they did everything in their power to make sure their 'Beautiful Minds' would grow and shine!

What Keeps You Successful?

Being successful in high school means a lot more than just studying and grades. Even though grades are the overall way to be successful, there are other factors that help. Developing good people skills will help in school and prepare you for the future. Managing your time is also a key factor to becoming successful in high school. Often it is hard to find time to study and do your homework as a student because of everything going on around you. However, doing something as little as taking a little time out of your day to study can make a big difference. "Success means having the courage, the determination, and the will to become the person you believe you were meant to be."

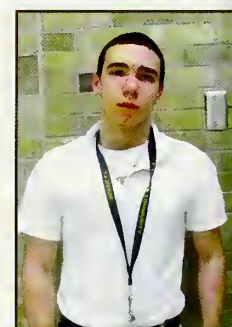

Wendy Martinez

"I do all my work and get everything I need to get done to get good grades and be successful in school."

Miles Stacey

"I work hard at school. Usually I can just easily understand things so I don't have to put so much time into studying, but whenever I do, it helps."

Donovan Campbell

"Usually I just make sure I get all my work done and I pay attention in all of my classes the whole time."

-Dylan Wages

"I like yearbook because it's fun. Also, you basically get to design the layout of OUR yearbook."

-Will Heise

"I like yearbook because it gives a chance to express yourself and your talent."

-Kerricka Williams

Many people have the wrong assumption as to what yearbook is about. They think that all you're doing is taking pictures and having fun. A lot more than pictures go into the yearbook. The production of this book requires a lot of time, preparation, perspiration, perseverance and the fantastic directing skills of Mrs. Ajayi. Sha'ana Flynn says, "This yearbook will be spectacular, because of all of the creativity and the uniqueness that goes into every page." The design of this yearbook is what is going to make this one of the most sought after productions of the year!

An Honorary Role

1 SG. Ratcliffe

JROTC is a class that teaches self discipline and how to become better citizens. It also helps students get better jobs and prepares them for college. They do different projects that help the community, and they were the first school group that held a fund raiser to help out when the athletic shed was burnt down.

JROTC students also learn how to coordinate and work with groups such as the police force, firefighters, veteran clubs, and other community organizations. The students in JROTC can be in different groups like the Drill Team, the Color Guard, the Unarmed exhibition and the IDR.

These groups compete nationwide and have more trophies than any other unit in Indianapolis. In fact, the all girl Drill Team won the national championship this year!

JROTC students are learning great leadership skills which prepare them for a promising future!

Some people are born with the ability to sing beautifully, but with a little practice we can all sing. Our Choir has been getting better and better every year. Ms. Benson quoted, "This year the Choir made great improvement, they were excellent students, and hard workers." Singing doesn't just come from your lungs and through your mouth; it comes from your heart. Keep up the good work and remember to raise your voice!

-Coach Van Riper

This season has been an amazing season for the boys, as well as our brand new girls soccer program. For the guys, their season showed an amazing comeback with fresh faces. Coach V. had some struggles fighting for this program, and made it successful. There were not only challenges for him, but for the teams as well. Most girls had never touched a soccer ball before this season. Captains, Mariah Brown and Kayla Smith, lead an amazing team of girls. Two of the girls were coming from playing on the co-ed team last season with the guys. Next seasons girls will come back even stronger and better before. The middle school soccer team is growing larger and very promising as well! Go Hornets!

"WHAT DID YOU LIKE ABOUT WRESTLING?"

Players, ask yourself what you are willing to sacrifice. Much like the boys in the movie, "Beyond the Mat," our wrestlers sacrificed everything they had to become the great wrestlers they are today. Wrestling is a mentally tough sport. You have to take the emotion out of it. 3 periods, 2 minutes, 1 objective, and thats to win . They like to wrestle because it challenges them to be better in everything they do. Our T.C. Howe wrestlers had the highest GPA's in the district with a 3.01, winning the academic team champions of the year!

Coach Brown-
"We had a very successful season. Several wrestlers achieved their personal goals. More importantly, the team achieved the highest GPAs in the district. I am looking forward to next season, raising the bar and expectations."

It was a great 2010-11 season for the T.C. Howe basketball team. They fell short in sectionals but always stayed together as a family. The senior leadership pushed everyone to be the best student athletes they could be. This Team was lead by top point guard in the state, Alvin "PJ" Boutte, and top scorer in the state, Kenny Enoch. Along with an amazing season from Dewayne Mathews and William Rice. Upcoming players have a challenge on their hands to fill these shoes. Go hard or go home!

Angels In The Out Field

The T.C. Howe Baseball players were like angels in the out field. From their diving catches, to their hard hits, they fought hard every game and grew as a team throughout the season. They learned how to beat good teams and how to build skills to work together through the good and the bad parts of the season. The team faced challenges and beat the many odds that were against them. "As a team we wanted to make Coach Edge's last year at Howe special because he taught us what we know and showed us how to win. He built the Howe baseball team up throughout the years he was here. All of us varsity players thank him gratefully and appreciate what he has done for us. This 2011 season was for you Coach Edge!"

GIRLS CAN PLAY TOO!

Being A Good Sport

We are the Lady Hornets softball team and a perfect example that girls can also play ball. As a female team, however, we have to present ourselves as ladies. AT ALL TIMES! Even if we don't get a "W" in our eyes we are still winners. We also strive to be better than the rest, and when we have a game it will be like a test. You go through a quest to find the best pitch from the rest. Everyone makes bloopers and has their days, but we all come together and lift each other up as a team. We are true softball players. If you love that 3-2 full count, that diving catch, the dirt in your hair, the face of your opponent, and that slide into home that won the game, but also gave you one horrible bruise... then you're a true softball player.

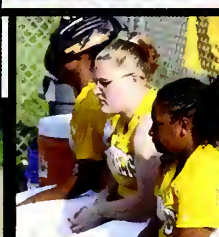

1. Kerricka Williams, a very dedicated athlete to many sports. She really puts her head in the game!!!

2. The middle school softball girls getting prepared to bring home the win!!!!

3. Hali Shaffer on her way to the dugout after she scored.

4. Maycee Davis and Darrial Jones. (Thumbs up!)

Mariah Brown (up above) said that being the catcher is a very unique and tough job.

Kayla Smith (LEFT) Made to home base after the long run around the field.

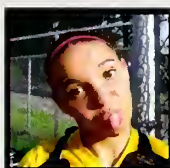

-Cassi Hunter

"Working with not advanced players; Helping them out"

-Chelsey Patterson

"Team work and practices."

-Mariah Brown

"Having fun and singing cheers."

Chelsey Patterson about to knock the ball out of the park a great player with a powerful hit.

STUDENT LIFE

Above: Art students presenting their mural to a local business called "Roll with it Bakery."

"What's your favorite student life event?"

Gerome Whitson

"My favorite student life event is choir because I love to sing and I like to be heard."

Jorge Arteaga

"My favorite student life events are the school activities because they are a lot of fun."

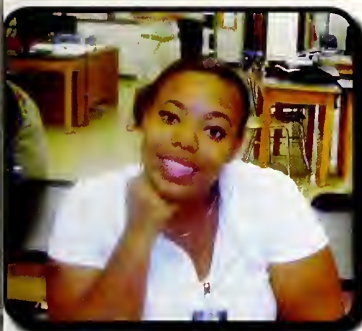

Lacey Elmore

"My favorite student life event is prom because that's the night every girl feels like a queen."

These are some student form all around. They are in different grades, have many different interests, and are involved in various social activities. Our students do different things other than just go to school and listen to lectures. The social network section give us a glimpse of some things students get involved with in addition to their studies. They enjoy dances, field trips, fashion show and talent shows, festivals, and a lot more. Our students get to learn on a greater level through their Social Network.

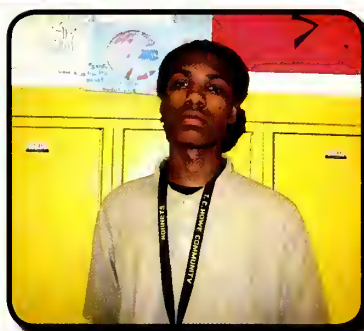

Chantell Bradley

"My favorite student life event is basketball because I love cheering for my best friend P.J."

Zachary Denny

"My favorite student life event is connecting with my teachers because I want to do well so I can graduate."

Phillip Comer

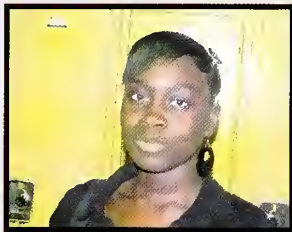

"My favorite student life event is prom because its their last dance as a high school student."

Tyler Alexander

"My favorite student life event is basketball because you can enjoy yourself and have fun."

Riley Health Club

Aryana Anderson, Mykela Hamlin

Korey Gwinn

"Thirty percent of children are overweight or obese. My degree is in exercise science; pre-physical therapy." Several of our middle school students are involved in the Riley Health Club. This program was developed by a partnership between IUPUI, IU Health and IPS. The goal of Riley Health Club is to keep children active for 75 minutes, three days a week, with one day of nutrition. P.E.T. Es come in and teach physical activity three days a week. Nutrition experts also come in one day a week to better inform the kids about nutrition and how to take proper care of their bodies. -Miss Sharla

Why do you like the Riley Health Club?

Mykela Hamlin

"Because there's always something going on and everyday there's always something new to do. You can come have fun with your friends."

Korey Gwinn

"It's healthy for me, and it makes me more aware of my body's nutritional needs with the nutrition logs we keep."

Aryana Anderson

"We played a lot of games."

Miss Sharla

"It's great to teach skills that can help these kids throughout the rest of their lives!"

Hollywood Howe

This is the magical night everyone looks forward to, Prom. On this night, upperclassmen get all dressed up to let loose, have fun, and look back to know they have made it this far. Prom is an exciting time to have fun with friends, and even teachers. This was a night all about you and your special date. This was "Hollywood Howe" Prom night. A night full of memories, laughter, and joy. A night you will never forget. And when you look at your prom pictures, all the memories will come rushing back like a waterfall.

"I see working as a step as growing up and making your own."

Teen Jobs

These are a few responsible teens who worked hard in school, and outside of school. Some people ask, "How can you work and go to school?" It is hard to maintain everything at once. It isn't easy for all, but these teens stick with it for many different reasons. Some have family situations that require them to earn extra income, others just gotta pay that cell phone bill! Many teens stick with keeping a job because of the freedom they get when they see their hard earned money in their hand. They know the joy of having their own money and not having to wait for someone to give it to them. If you plan to take on a job, the main thing to remember is that our first job right now is to be great students. Keep your priorities straight, and have fun while you can, because you're going to be working for the rest of your life!

-Kerricka Williams

Kerricka Williams

"I work at H&R block and I like it except when times are slow."

Joshua Dunn

"I decided to get a job to earn extra money. With this job, I have more responsibility, but also more freedom, and my parents trust me more!"

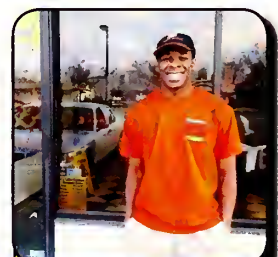

Devin Thompson

"The main reason I got a job was to help around the house. The best part about my job is meeting new people."

Sabrina Brown

"My job can sometimes be easy but other times I wonder what I got myself into. I make great money and I enjoy my coworkers."

Paul Lilly

"I enjoy my job, a lot of Howe students work here! It is good to get out and work."

The senior memory video
captured everyone's attention
and created a warm feeling
throughout the cafeteria!

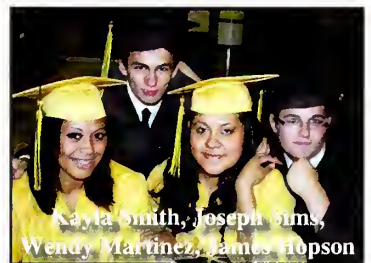

The excitement in the cafeteria was
absolutely indescribable. Not even the
pictures can capture such a feeling!

Hard Work Pays Off!

If this were truly the movies, and High School was just an act in some high class film... Graduation could never be this real! In the movies, success is sometimes presented as an easy accomplishment. These seniors, however, have walked the rough road, and can truly appreciate how their hard work has paid off!

Congratulations Grads!

Wendy Martinez, along with many of her classmates, can't hold back during such an emotional event. This was certainly a memorable moment in time.

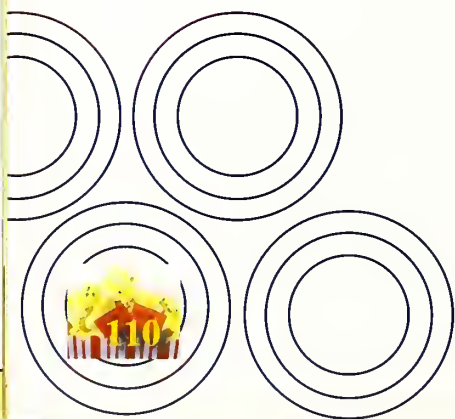

The Graduates stand as the JROTC color guard presents for the opening of the program.

The final moment had arrived... time to stand and walk across that stage. This was the moment to finally transition from senior to graduate.

With great pride, the graduates took the spotlight, one by one, announcing their gratitude to those who helped them get this far!

Mrs. Nixon stood in the circle of Graduates, and announced that it was time to celebrate!

For six years, these students enjoyed listening to Mr. Powell's encouraging Howe Rap. For ol' times sake, Mr. Powell presented the rap one more time before the graduates threw their caps up in celebration!

William Rice and Tre' Barnes celebrating the victory with his family and friends!

MY MOVIE STARS...

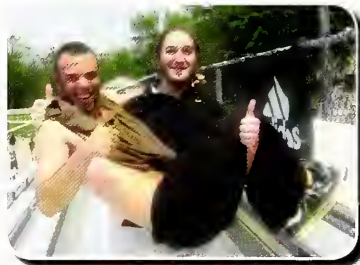

It's Closing Time

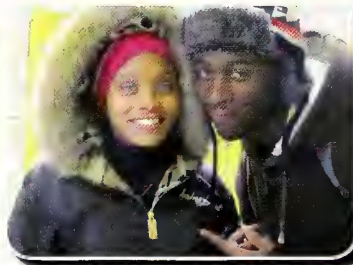

After much hard work and perseverance, the credits have rolled in our box office hit movie "TC Howe: The Movie." The Production Agency worked countless hours in order to produce and create this movie for you all to enjoy. The production has been filmed, edited and released, starring the TC Howe Hornets and everything they have to offer. We hope you enjoyed the movie and come back next year for our all new production. Thank you all for your cooperation and your support.
